

2019-20 Combined World's Best Workforce (WBWF) Summary and Achievement and Integration (A&I) Progress Report

Report Instructions and Information

Tips when completing the report:

All questions in one section must be answered before the survey will advance to the next section. You must advance to the end of the form to save your answers.

Districts/charters may wish to enter short text as a placeholder to advance in the form and return at a later time to answer the question.

When asked for results from 2019-20, please provide the relevant data when possible. Options are available to indicate where disruptions from COVID-19 have made collecting the data impossible.

When you have reached the end of the form, you will be able to submit your completed/in progress summary report and receive a specific link. Each district/charter will have their own unique link to access their answers at a later time. Via that specific link, you can update/edit your responses until December 15, 2020. Save your specific survey link for easy access to your district/charter's summary report.

Contact Venessa Moe at Venessa.Moe@state.mn.us if you need a copy of your specific survey link.

If you would like a Word copy of the summary report questions, you can access the document [here](#).

Did you have a Racially Identifiable School (RIS) in the 2019-20 SY?**A&I Contact Name****A&I Contact Title****A&I Contact Phone Number****A&I Contact Email**

Annual Report

MDE understands this past school year (2019-2020) ended under unique circumstances due to the COVID-19 pandemic. Therefore, we are providing reporting options that reflect this disruption in your ability to appropriately report annual progress.

WBWF Requirement: For each school year, the school board must publish a report in the local newspaper, by mail or by electronic means on the district website.

A&I Requirement: Districts must post a copy of their A&I plan, a preliminary analysis on goal progress, and related data on student achievement on their website 30 days prior to the annual public meeting.

Provide the link to the district's WBWF annual report and A&I materials.

Provide the direct website link to the district's WBWF annual report. If a link is not available, describe how the district disseminates the report to stakeholders.

<http://www.watershedhs.org/resources.html>

Provide the direct website link to the A&I materials.

Annual Public Meeting

These annual public meetings were to be held in the fall of each school year. Report on this measure for the 2019-2020 school year.

WBWF Requirement: School boards are to hold an annual public meeting to communicate plans for the upcoming school year based on a review of goals, outcomes and strategies from the previous year. Stakeholders should be meaningfully involved, and this meeting is to occur separately from a regularly scheduled school board meeting.

A&I Requirement: The public meeting for A&I is to be held at the same time as the WBWF annual public meeting.

Provide the date of the school board annual public meeting to review progress on the WBWF plan and Achievement and Integration plan for the 2019-20 school year.

08/28/2019

World's Best Workforce

District Advisory Committee

The District Advisory Committee should be in place at the start of the school year. Report on your membership list.

WBWF Requirement: The district advisory committee must reflect the diversity of the district and its school sites. It must include teachers, parents, support staff, students, and other community residents. Parents and other community residents are to comprise at least two-thirds of advisory committee members, when possible. The district advisory committee makes recommendations to the school board.

District Advisory Committee Members

Complete the list of your district advisory committee members for the 2019-20 school year. Ensure roles are clear (teachers, parents, support staff, students, and other community residents).

Equitable Access to Effective and Diverse Teachers

Staffing should be in place by the start of the 2019-20 school year. Report on your equitable access to excellent and diverse educators for the start of the 2019-20 school year.

WBWF Requirement: WBWF requires districts and charters to have a process in place to ensure students from low income families, students of color, and American Indian students are not taught at disproportionate rates by inexperienced, out-of-field, and ineffective teachers. The legislation also requires that districts have strategies to increase access to teachers who reflect the racial and ethnic diversity of students.

While districts/charters may have their own local definitions, please note the definitions developed by Minnesota stakeholders during the Every Student Succeeds Act (ESSA) state plan development process:

An **ineffective teacher** is defined as a teacher who is not meeting professional teaching standards as defined in local teacher development and evaluation (TDE) systems.

An **inexperienced teacher** is defined as a licensed teacher who has taught for three or fewer years.

An **out-of-field teacher** is defined as a licensed teacher who is providing instruction in an area which he or she is not licensed.

The term “equitable access gap” refers to the difference between the rate(s) at which students from low income families, students of color, and American Indian students are taught by inexperienced, out-of-field, or ineffective teachers and the rate at which other students are taught by the same teacher types. This is not to be confused with the “achievement gap” (how groups of students perform academically); rather, “equitable access gap” is about which student groups have privileged or limited access to experienced, in-field, and effective teachers.

Districts/charters are encouraged to monitor the distribution of teachers and identify equitable access gaps between and within schools, but they may also make comparisons to the state averages or to similar schools. It is important to note that some of the most significant equitable access gaps occur at the school and classroom level.

Districts/charters may also use other indicators of “effectiveness” such as teachers receiving stronger evaluations overall, teachers with strengths in particular dimensions of practice (e.g., culturally responsive practices), teachers certified by the National Board for Professional Teaching Standards, or teachers with demonstrated student growth and achievement results.

Describe your process for ensuring students of color, American Indian students and students from low income families have equitable access to experienced, in-field, and effective teachers.

How did the district examine equitable access data? What data did you look at? How frequently do you review the data?

Who was included in conversations to review equitable access data?

(200 word limit)

Since Watershed is an extremely small school (4 core teachers, 2 special ed), ALL students have the same 4 core teachers. All of our teachers are licensed and meet the qualifications for being designated as highly qualified.

What strategies has the district initiated to improve student equitable access to experienced, in-field, and effective teachers?

What goal(s) do you have to reduce and eventually eliminate equitable access gaps?

(200 word limit)

Again, as a very small school with 50 students, all students have precisely the same teachers.

WBWF Requirement: WBWF requires districts and charters to examine student access to licensed teachers who reflect the racial and ethnic diversity of students. A growing body of research has demonstrated that all students benefit when they are taught by racially and ethnically diverse staff throughout their career, and students of color and indigenous students benefit even more. Consequently, working to increase teacher racial diversity is beneficial to all schools.

Describe your efforts to increase the racial and ethnic diversity of teachers in your district.

Which racial and ethnic student groups are present in your district that are not yet represented in your licensed teacher staff? How many additional teachers of color and American Indian teachers would you need in order to reflect your student population?

(200 word limit)

Watershed only has a total of 6 teachers, with little staff turnover. In the 2019-20 school year we had one teacher of Mexican descent, and 5 caucasian teachers. We had a small population of African American students.

We have focused the last few years on retaining our high-quality, experienced teachers and have had no turnover in our core teaching staff for a few years. When there is an opening, we look for staff that reflect our student body. Being a smaller school with lower pay, we are not as competitive in securing BIPOC teachers.

What strategies has the district initiated to increase and retain teachers of color and American Indian teachers in the district? What goal(s) are you pursuing?

(200 word limit)

Again, we have focused on keeping our quality teachers. Very small school with little turnover.

Local Reporting of Teacher Equitable Access to Effective and Diverse Teachers Data

Districts are required to publicly report data on an annual basis related to student equitable access to teachers, including data on access for low-income students, students of color, and American Indian students to experienced, in-field, and effective teachers and data on all student access to racially and ethnically diverse teachers.

For this 2019-20 WBWF summary report submission, please check the boxes to confirm that your district publicly reported this data.

District/charter publicly reports data on an annual basis related to equitable teacher distribution, including data on access for low-income students, students of color, and American Indian students to effective, experienced, and in-field teachers.

District/charter publicly reports data on an annual basis related to student access to racially and ethnically diverse teachers.

Goals and Results

SMART goals are: specific and strategic, measurable, attainable (yet rigorous), results-based and time-based. Districts may choose to use the data profiles provided by MDE in reporting goals and results or other locally determined measures.

All Students Ready for School

Does your district/charter enroll students in kindergarten?

No

Goal

Provide the established SMART goal for the 2019-20 school year.

Result

Provide the result for the 2019-20 school year that directly ties back to the established goal. If unable to report a result because of disruptions due to COVID-19, please respond, "Unable to report."

Goal Status

Check one of the following:

Narrative

What data have you used to identify needs for all students in this goal area? How is this data disaggregated by student groups and inclusive of all students?

What strategies are in place to support this goal area?

(Narrative is required. 200 word limit)

All Students in Third Grade Achieving Grade-Level Literacy

Does your district/charter enroll students in grade 3?

No

Goal

Provide the established SMART goal for the 2019-20 school year.

Result

Provide the result for the 2019-20 school year that directly ties back to the established goal. If unable to report a result because of disruptions due to COVID-19, please respond, "Unable to report."

Goal Status

Check one of the following:

Narrative

What data have you used to identify needs for all students in this goal area? How is this data disaggregated by student groups and inclusive of all students?

What strategies are in place to support this goal area?

(Narrative is required. 200 word limit)

Close the Achievement Gap(s) Between Student Groups

Goal

Provide the established SMART goal for the 2019-20 school year.

The gap between white students and students of color will be less than 10%.

Result

Provide the result for the 2019-20 school year that directly ties back to the established goal. If unable to report a result because of disruptions due to COVID-19, please respond, "Unable to report."

Unable to report due to COVID

Goal Status

Check one of the following:

Unable to report

Narrative

What data have you used to identify needs for all students in this goal area? How is this data disaggregated by student groups and inclusive of all students?

What strategies are in place to support this goal area?

(Narrative is required. 200 word limit)

Normally we would use our MCA data. MCA data was unavailable due to the pandemic.

Do you have another goal for Close the Achievement Gap(s) Between Student Groups?

No

All Students Career- and College-Ready by Graduation

Goal

Provide the established SMART goal for the 2019-20 school year.

Not less than 85% of students shall participate in career and tech education through MNCIS in their advisory classes.

Result

Provide the result for the 2019-20 school year that directly ties back to the established goal. If unable to report a result because of disruptions due to COVID-19, please respond, "Unable to report."

Unable to report

Goal Status

Check one of the following:

Unable to report

Narrative

What data have you used to identify needs for all students in this goal area? How is this data disaggregated by student groups and inclusive of all students?

What strategies are in place to support this goal area?

(Narrative is required. 200 word limit)

Watershed uses MNCIS Curriculum in advisory classes. All students are enrolled in these classes that occur weekly. Attendance and advisory grades are used to collect data.

Do you have another goal for All Students Career- and College-Ready by Graduation?

No

All Students Graduate

Does your district/charter enroll students in grade 12?

Yes

Goal

Provide the established SMART goal for the 2019-20 school year.

Watershed shall graduate 80% of its senior class students who are on track to graduate as for October 1 at the beginning of the academic year.

Result

Provide the result for the 2019-20 school year that directly ties back to the established goal. If unable to report a result because of disruptions due to COVID-19, please respond, "Unable to report."

20/24 Students On Track to Graduate Graduated, 83%

Goal Status

Check one of the following:

Goal Met (one year goal)

Narrative

What data have you used to identify needs for all students in this goal area? How is this data disaggregated by student groups and inclusive of all students?

What strategies are in place to support this goal area?

(Narrative is required. 200 word limit)

The main barrier Watershed students face for graduation is mental health. We have implemented more group programs with our school social worker and have increased our number of all-school community building activities. We have maintained data regarding supplemental services that our students receive through our school social worker.

Do you have another goal for All Students Graduate?

No

Thank You!

Thank you for completing the 2019-20 Combined WBWF and A&I Progress Report. Please save the unique link below to add to or edit your application through 11:59 pm on December 15, 2020.
